Contributing reviewers

A peer-reviewed journal would not survive without the generous time and insightful comments of the reviewers, whose efforts often go unrecognized. *Systematic Reviews* has been blessed by the support of highly-qualified peer reviewers, and the Editors-in-Chief, David Moher, Lesley Stewart and Paul Shekelle, and staff of the journal would like to show their appreciation by thanking the following for their invaluable assistance with review of manuscripts for the journal in Volume 2 (2013).
